

Bulletin Number	UAETCC_007
Implementation Date	Immediate
Issue Date	20 th February 2011

This bulletin is issued under the provisions of the ATCUAE in confirmation that the following amendments, notices or points of clarification have been authorised to the 2010/2011 UAETCC Articles or Regulations.

Sporting Regulations Appendix A Article: 3.0

- With the success ballast removed, the total weight of the car, without fuel, must be equal to or greater than the total of its original declared weight.

Declaration of Weights

As an amnesty of declared minimum car weights at half point in the season, should any competitor wishing to represent their car for weighing prior to the next round on 25th Feb, then these min weights will apply for the rest of the season.

All existing success ballast to date still applies.

Anyone wishing to take up this amnesty then please present your car at the scrutineering bay on Thursday 24th Feb or by prior arrangement before your next event.
